

Checklist to guide work planning and monitoring of national donor coordination mechanisms for nutrition

I. Inputs and ways of working for effective coordination

Illustrative inputs	Good practices	Areas requiring improvement	Satisfaction score	
The national donor network has the necessary inputs to enable effective coordination				
Network ToRs widely agreed by members				
Work plan presents agreed SMART				
objectives, activities, inputs required				
Convenor(s) have clear ToRs and				
adequate time and capacities				
Strong awareness amongst donors of the				
need for a multi-sectoral approach to				
nutrition				
Membership includes donor staff from all				
donor agencies from all relevant sectors,				
including humanitarian where apropriate				
Members take the lead in implementing				
activities with Convenor(s) facilitating				
High level donors (e.g. Heads of Mission)				
engage and provide support when				
needed				
Financial and in-kind resources are				
adequate to implement activities				
Guidance and support from donor <i>Head</i>				

Offices is adequate	
Guidance and support from global SDN is	
adequate	
Communication & interaction with SUN	
Movement Coordinator & Secretariat is	
adequate	
Donor ways of working are consistent	
with SUN Principles of Engagement ¹ and	
conducive to improved coordination and	
effectiveness	

II. Donor coordination and harmonisation

Illustrative Actions	Illustrative Results	Good	Areas requiring	Satisfaction
		practices/strengths	improvement	score
Donors are coordinating and harmonizi	ng their activities and investm	ents with each other		
Actions of donor agencies across sectors			·	
are informed by, and aligned with,				
network work plan	Clear division of			
Map existing & planned donor actions	responsibilities between			
and investments against needs in order to	donors, good coverage, with
